What's Around & What's Up in Crook County

IT'S OKAY...

-IF YOU WISH FOR CHANGE
-IF YOU STRUGGLE TO LET GO
-IF YOU MADE A MISTAKE
-IF YOU OUTGROW PEOPLE
-IF YOU HAVE UNCOMMON IDEAS
-IF YOU AREN'T THERE YET

It's about
HOW
you cope
with your
feelings
that
makes
success!

DON'T BE MEAN...

"If you can't say anything nice, don't say anything at all!"
Something we've all heard but need to practice more than ever!

We each maneuver through this thing called life...in a way that best works for US. Nobody should think that their way is the BEST way for everyone.... remember, we are all different!!!

During this cold/flu/covid/gemy season....be respectful to yourself and others. Take the precautions YOU need to take while being mindful of YOUR affect on others. And..masks are OK!!

What's Up

Your Round-Up is open ALL

Holidays except for Thanksgiving & Christmas and always closed the last full week in December and first full week of January.

Don't get me wrong.....I'd LOVE to be out galavanting in a hippy van (or my really cool hippy car).....but I choose to keep a

consistent and easy to remember schedule for YOU (see box to left).

Deadline is EVERY Friday, 2 pm!

If something comes up and I need to be closed, I always try to give adequate notice in the publication.....but sometimes emergencies or last-minute fishing trips with the hubs happen (not often).

Dropbox, email, voicemail & website are ALWAYS available. Capri :)

Did You Know

"Wintertime Blues" Happens To Many.....Seasonal Affective Disorder (SAD)

Symptoms:

- Depression
- Anxiety
- Mood Changes
- Sleep Problems
- Lethargy
- Overeating
- Social Problems
- Sexual Problems

Causes:

The reduced level of sunlight in the fall and winter months may affect an individual's serotonin, a neurotransmitter that affects mood. Lower levels of serotonin have been shown to be linked to depression. Melatonin, a sleep-related hormone secreted by the pineal gland in the brain, has been linked to seasonal depression.

Prevention:

Seasonal depression has a predictable pattern of recurrence, preventative measures may help to reduce symptoms. Begin light therapy in early fall before onset of symptoms, exercise more, increase the light in your home, meditation and other stress management techniques, spend time outside.

Treatments:

Phototherapy or bright light therapy has been shown to suppress the brain's secretion of melatonin. An Antidepressant drug may be effective in reducing or eliminating symptoms.

Honest Lawyer??

Two small boys, not yet old enough to be in school, were overheard talking at the park.

"My name is Bobby. What's yours?" asked the first boy.

"Danny," replied the second.

"My daddy's an accountant. What does your daddy do for a living?" asked Bobby. Proudly Danny replied, "A lawyer!"

"Honest?" asked Bobby.

"No, just the regular kind!" Danny said.

“The Good ‘Ole South”

Georgia:

The owner of a golf course in Georgia was confused about paying an invoice, so he decided to ask his secretary for some mathematical help. He called her into his office and said, “You graduated from the University of Georgia and I need some help. If I were to give you \$20,000, minus 14%, how much would you take off?” The secretary thought a moment and replied, “Everything but my earrings.”

Louisiana:

A senior at Louisiana was overheard saying....”When the end of the world comes, I hope to be in Louisiana.” When asked why, he replied, “I’d rather be in Louisiana because everything happened 20 years later than in the rest of the civilized world!”

Mississippi:

The young man from Mississippi came running into the store and said to his buddy, “Bubba, somebody just stole yur pick-em-up truck from the parkin’ lot!” Bubba replied, “Did you see who it was?” The young man replied, “I couldn’t tell, but I got the license number!”

South Carolina:

A man in South Carolina had a flat tire, pulled off the side of the road and proceeded to put a bouquet of flowers in front of the car and one behind it. Then he got back in the car to wait. A passerby studied the scene as he drove by and was so curious he turned around and went back. He asked the fellow what the problem was. The man replied, “I have a flat tire.” The passerby asked, “But what’s with the flowers?” The man quickly said, “When you break down they tell ya to put flares in the front and flares in the back. I never did understand it neither”

Tennessee:

A Tennessee State trooper pulled over a pickup on I-65. The trooper asked, “Got ID?” The driver replied, “Bout what?”

Texas:

The Sheriff pulled up next to the guy unloading garbage out of his pickup truck into the ditch. The Sheriff asked, “Why are you dumping garbage in the ditch? Don’t you see that sign over your head?” “Yep,” he replied. “That’s why I’m dumpin’ here, cause it says: ‘Fine For Dumping Garbage.’”

Gee...Thanks Doc!??

A man with a sore throat went to see his doctor.

The doctor examined him and said, "Do you smoke?"

The man said, "No, I've never smoked in my life."

"That's a pity," said the doctor.

"Giving up smoking would have really helped."

Math Problem Kids DO Pay Attention

The sixth grade teacher posed the following problem to one of her math classes:

A wealthy man died and left \$10 million. One-fifth is to go to his wife, one-fifth to his son, one-fifth to his butler and the rest to charity. Now, what does each one get?

After a very long silence in the classroom, Morris raised his hand. "Yes, Morris?" the teacher asked.

Morris answered, "A lawyer!"

Coming Up

Jan 29 - January Nature Night
 Register on-line to join the livestream, 8:30 pm. Join Deschutes Land Trust and wildlife biologist Aaron Bott to take a closer look at wolves and how they interact with the landscape of Central Oregon. Wolves are one of North America's most iconic animals, occupying a unique and complex role in the natural world. In the last few decades, Oregon has experienced the gradual recolonization of wolves, representing a notable shift in natural systems. These top predators

are deeply connected to the lands they inhabit and the other animals that sustain them, exerting influences that are both small and far-reaching. Aaron will explore wolf biology and ecology, focusing on their natural history, adaptations, and roles and behaviors in the natural world within the context of Oregon's recovering wolf population.

Around Town

January Is Stalking Awareness Month

Saving Grace, staff and volunteers are raising awareness of an often-misunderstood crime, stalking.

1 in 3 women and 1 in 6 men will experience stalking in their lifetime. Stalking isn't persistence, a sign of romance, or normal. It is a patter of behavior designed to cause fear.

It could be:

- Unwanted calls or messages
- Following someone to their home, work or gym
- Cyberstalking or tracking on social media

Saving Grace can provide stalking survivors with legal assistance and safety planning. If you or someone you know needs help, call the confidential helpline: 541-389-7021.

Together, we can raise awareness, support survivors and stop the normalization of stalking.
